Cost

It is very important to take into account the amount of money that you can spend or pay as rent. Set up your budget and look for homes whose rent is within that range.

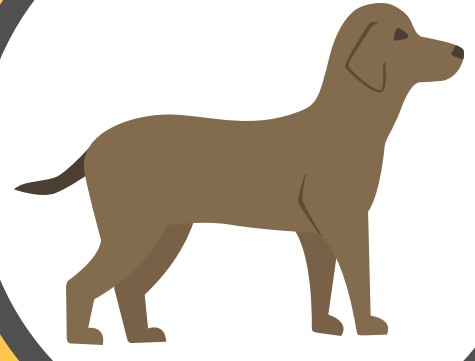

Location & Neighborhood

To get a better idea about security, crime rates and noise around the neighborhood, it is important to visit it at different times of the day or talk to neighbors about it.

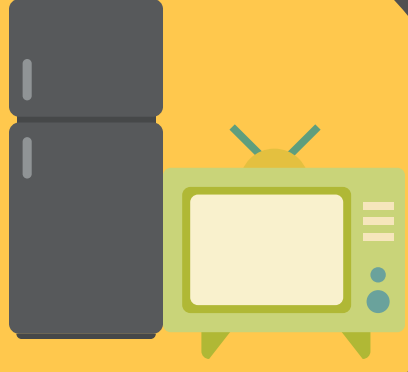

Pet Policy

Since, most property owners do not allow a pet on the premises or ask for a pet deposit, make sure that you ask them about their pet policies in advance if you have a pet.

You must ask the property owner which amenities and utilities such as gas, appliances etc. would be included in the monthly rent.

Lease Agreement

Always read the entire lease agreement carefully and be sure to ask questions if you don't understand anything to avoid any future implications.
