

Home Maintenance Checklist

Regularly maintaining your home can help you ensure that it is in top notch condition always. This will not only accentuate the value of your property but will also reduce the chances of any costly or major repairs in future.

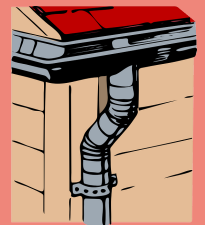

Replace the batteries in smoke & carbon monoxide detectors after every few months.

Test the fire extinguisher & other safety measures installed in the home.

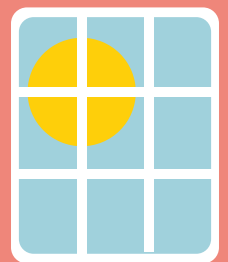

Clear all debris in & around the gutters and window wells.

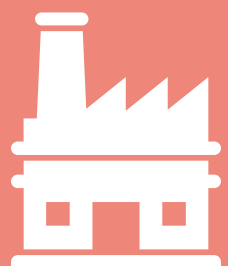

Inspect the roofing every now and then for any kind of damage or leaks.

Seal or change any drafty window or door in order to increase your energy efficiency.

Get the chimney inspected every year & get it cleaned regularly, depending upon its usage.

Check the filters of your heating & cooling systems and change them if needed.
